MONTHLY
MULLIGAN

April 2026

A NOTE FROM OUR GENERAL MANAGER

Dear Members,

As we welcome the month of April, we are excited to see the Club come to life with longer days, warmer weather, and increased activity both on and off the golf course. This time of year always brings renewed energy to Lost Key, and we are grateful to share it with such an engaged and supportive membership.

Our golf course continues to transition out of winter dormancy, and with the recent favorable weather conditions, you will begin to see steady improvements in turf quality and overall playing conditions. Our maintenance team is working diligently to ensure the course continues to progress toward the high standards we all expect. We appreciate your patience and understanding as this seasonal transition takes place.

As a reminder, Lost Key Golf Club will host the Inaugural Gulf Coast Women's Classic on April 20, 2026. This special event will celebrate and honor the inspiring women business leaders of the Gulf Coast while supporting a meaningful cause, as a portion of the proceeds will benefit Mary's Shelter Gulf Coast. The tournament will feature an 8:00 a.m. shotgun start (7:00 a.m. registration), breakfast and lunch, a specialty cocktail, prizes, and sponsorship opportunities. This promises to be an empowering and memorable day at the Club, and we encourage our members to participate, support, and help us make this inaugural event a tremendous success.

I am pleased to share that Jonathan Piccione has accepted the position of Golf Operations Director at Lost Key Golf Club. Jonathan brings over 12 years of valuable experience from Old South Golf Links in Bluffton, SC, where he progressed through multiple roles to become 1st Assistant Professional. His well-rounded background in golf operations, positions him to make an immediate impact. Jonathan has a strong passion for delivering exceptional member and guest experiences, and we are confident his leadership, attention to detail, and commitment to service will be a tremendous asset to our team and will further enhance the overall golf experience at the Club.

Please join me in welcoming Jonathan to Lost Key. We look forward to his contributions and to introducing him to each of you in the coming days.

Thank you for your continued support, and we look forward to seeing you at the Club soon.
With Gratutide.

Michael Troyner, CCM
General Manager

Golf Carts

Golf carts are an important part of the game, helping players move efficiently around the course. However, when cart rules are not followed, they can cause significant damage to turf and playing conditions. Cart policies may change daily based on weather and course conditions, so players should always confirm current restrictions before teeing off.

Courses restrict cart access for many reasons—some obvious, others less so. Wet or newly grassed areas marked by signs should always be avoided, as these areas are particularly vulnerable to damage. Extremely dry turf can also be fragile, and during late fall or winter, players may be asked to remain on cart paths when grass growth is minimal and recovery is slow.

Because every course is different, cart rules will vary. Always follow posted signs, ropes, stakes, and directional markers—they are in place to protect the course. Avoid areas that appear thin, weak, or wet. When driving in high-traffic zones, spread out whenever possible and keep all four tires on the path as much as you can. Do not drive through naturalized areas, avoid steep slopes, and stay clear of tees and greens. When in doubt, err on the side of caution.

Repairing Divots

Taking divots is a natural part of golf but properly repairing them is essential to maintaining course conditions. The goal is to leave a smooth surface and encourage healthy turf recovery.

If a divot is mostly intact, replace it carefully and tamp it down with your foot to ensure good contact between the roots and the soil. If gaps remain, fill them with divot mix to help the grass grow back evenly. Some courses prefer players to use divot mix instead of replacing divots, often due to turf type, weather conditions, or grass that tends to break apart rather than lift cleanly.

Divot recovery depends on many factors, which is why repair policies may differ. Regardless of the method, the objective is the same: leave the area as smoothly as possible for the next player and support turf healing. Avoid taking divots on practice swings and refrain from hitting extra practice shots on the course. A helpful habit is to repair your divot—and one additional divot nearby.

Ball Marks

Although small, ball marks can cause long-lasting damage to putting surfaces if left unrepaired. Unfixed ball marks disrupt smoothness and can negatively affect greens for weeks.

To properly repair a ball mark, use a ball mark repair tool or a golf tee. Insert the tool just outside the mark and gently push the turf toward the center, working carefully around the edges. Avoid lifting or twisting the turf, as this can damage the roots. Once the turf is restored, lightly tamp the area with your putter to smooth the surface. Whenever possible, take a moment to repair one or two additional ball marks that may have been overlooked.

Bunker Raking

After playing a bunker shot, players should aim to leave the sand as smooth—or smoother—than they found it. Proper bunker etiquette requires only a little effort and attention.

Enter the bunker from the low side and bring a rake with you to avoid unnecessary foot traffic. Use the rake to smooth all footprints and divots created during your shot. When exiting, avoid pulling sand up against the bunker edge, as this can damage the surrounding turf and create difficult lies for other players.

Follow the course's policy regarding rake placement. Place the rake with the tines inside the bunker and the handle resting outside the bunker. Before leaving the bunker, knock excess sand off your shoes to prevent it from being tracked onto greens or fairways, where it can affect play and damage mowing equipment.

Trash Disposal

Please help us maintain the beauty and playability of our course by properly disposing of all trash. Use the designated trash receptacles located throughout the course for bottles, cans, food wrappers, and other waste. If a receptacle is not immediately available, kindly keep your trash in your cart or bag until you reach one.

Your cooperation helps ensure a clean, enjoyable environment for all players. Thank you for doing your part.

APRIL COURSE MAINTENANCE UPDATE

As we move into April, the golf course is responding well to warmer temperatures and increased sunlight. Turfgrass is actively growing, and you will see improvements in density, color, and overall playing conditions. Our maintenance team is fully transitioning into our spring and early summer programs to continue building turf health and consistency. You will notice an increase in mowing frequency as growth accelerates, allowing us to maintain consistent and high-quality playing surfaces. We will also be closely monitoring moisture levels and adjusting irrigation practices to meet plant needs while avoiding excess water.

April is a key month for more aggressive cultural and recovery practices. This includes focused work around bunker surrounds, where we will be promoting turf recovery through cultivation, fertility, and improved surface conditions. These areas have experienced stress and turf loss, and this work is aimed at restoring density and playability as we move through the season.

In addition, our team will be completing targeted sod installations in high-priority areas throughout the course to accelerate recovery in worn or damaged turf and improve overall consistency.

As always, we appreciate your help in maintaining course conditions. Repairing ball marks, filling divots, and following cart traffic guidelines go a long way in helping the course continue to improve. Thank you for your continued support as we work to provide the best possible playing conditions.

The Golf Course Maintenance Team

TEAM MEMBER OF THE MONTH JEROME CROON

Jerome, one of our skilled Equipment Operators and Greenskeepers, exemplifies professionalism, reliability, and a strong work ethic. With 18 years of dedicated service to the club, he has been a steady and dependable presence on the team, bringing valuable experience and knowledge to the operation every day. Jerome plays an important role in maintaining excellent playing conditions through precise equipment operation and attention to detail on the greens and surrounding areas. He works well alongside the crew, communicates effectively, and is always willing to step in and help wherever needed. Jerome's reliability, teamwork, and long-standing dedication make him a valued asset to our operation and truly deserving of this recognition.

Congratulations, Jerome!!

PRO SHOP APRIL UPDATE

Dear Members,

We are excited to showcase our new spring and summer apparel lines, featuring a variety of styles and performance fabrics to keep you looking and feeling your best on and off the course.

In addition to apparel, we have begun receiving the latest equipment and accessories for the season. Whether you are looking to upgrade your game or simply refresh your gear, our team is here to assist you in finding the right fit for your needs.

As a reminder, members receive exclusive pricing on special order equipment at cost plus 10%. If you are considering new clubs or any other equipment, we encourage you to take advantage of this benefit. Our staff is happy to guide you through the latest offerings and help you make informed decisions. We invite you to stop by the Golf Shop to explore the new arrivals and see what's in store for the season ahead.

Tee sheet reminders, as play begins to increase, we kindly ask members to:

- * Check into the Golf Shop prior to your tee time
- * Cancel your tee time promptly if plans change
- * Arrive early and ready to play
- * Maintain pace of play throughout your round

We look forward to seeing you soon.

GRILLE 625 APRIL UPDATE

Thanks so much for all who came out to enjoy the St. Patrick's Day fare, we appreciate your support for Grille 625.

Join us on April 5th for our special Easter brunch menu!!! Featuring possible new menu items to come...

Stop by Grille 625 for our new Spring menu this month!!! Which features the new crab cake sliders and the Rue Burger with a ½ pound black angus patty.

Coming in the month of April we have the Ryder cup dinner, the Gulf Coast Classic, as well as a few private events throughout the month.

Grille Hours

Bar: 7:30am-5:00pm

Kitchen: 8:00am-4:00pm

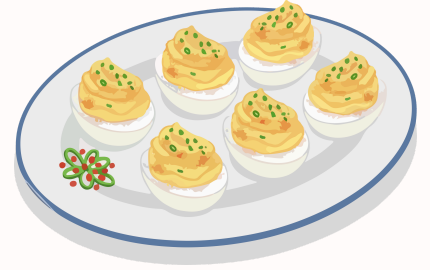

RECIPE OF THE MONTH

DEVEILED EGGS

Ingredients:

- 12 large eggs
- 2 tablespoons mayonnaise, or as needed
- 2 tablespoons Sriracha chili sauce, or more to taste
- ⅛ teaspoon dry mustard
- 1 pinch cayenne pepper, or to taste
- salt to taste
- 1 pinch smoked paprika, or to taste

Directions:

1. Place eggs in a large saucepan and cover with water. Bring to a boil, remove from heat, and let eggs stand in hot water for 15 minutes. Remove eggs from hot water, cool under cold running water, and peel.
2. Cut eggs in half lengthwise. Place egg yolks in a bowl; mash with a fork. Add mayonnaise, Sriracha, dry mustard, and cayenne pepper; mash until smooth. Season with salt. Spoon yolk mixture into a resealable plastic bag; snip off one corner of the bag.
3. Place egg whites, cut-sides up, on a serving platter. Pipe yolk mixture into egg white halves; sprinkle with smoked paprika. Refrigerate deviled eggs, covered, until ready to serve.
