# THE MONTHLY MULLIGAN

July 2026

## A NOTE FROM OUR GENERAL MANAGER

Dear Members,

This month, our nation marks Independence Day as we continue the celebration of America's 250th Anniversary. It's an incredible milestone that reminds us of the enduring spirit, freedom, and sense of community that make our country special. We hope you'll spend time with family, friends, and fellow members enjoying everything that makes summer on the Gulf Coast so memorable.

To continue our Independence Day celebration, we are excited to introduce the inaugural Red, White & Blue Golf Tournament on Sunday, July 5th. This new event is designed to bring members together for a fun-filled day of golf, camaraderie, and patriotic spirit. Whether you're competing for prizes or simply enjoying a round with friends, this tournament promises to become a favorite summer tradition at Lost Key Golf Club. We encourage participants to show their patriotic pride by wearing their best red, white, and blue attire as we celebrate our nation's birthday and enjoy a great day on the course.

We're also thrilled to expand our wellness offerings this month. Beginning Tuesday, July 14th at 8:00 AM, we will welcome Wellness by Zarina to Lost Key Golf Club for weekly yoga classes. Yoga is a fantastic complement to golf, helping improve flexibility, balance, mobility, and overall well-being. Whether you're a seasoned yogi or trying it for the first time, these sessions will provide a wonderful way to start your Tuesday mornings. We will need a total of 10 participants each week to host this class.

We're also excited to share that Grille 625 introduced a new lunch menu on June 20th. Our culinary team has refreshed the menu with a variety of new flavors and member favorites, creating even more reasons to gather with friends and family at the Club. Whether you're stopping in after a round, meeting fellow members for lunch, or simply looking for a great meal with a beautiful view, we invite you to come and experience the new offerings. We look forward to hearing about your favorites and welcoming you to Grille 625 throughout the summer.

For our younger golfers, we're hosting a Junior Golf Clinic on Wednesday, August 5th from 3:30pm to 5:00pm. This one-day clinic is designed to introduce juniors to the game while helping them develop their skills in a fun and encouraging environment. Our staff will cover the fundamentals of the swing, short game, etiquette, and course safety. If you have children or grandchildren interested in golf, we encourage you to have them attend this event.

As always, thank you for being part of the Lost Key Golf Club family. We appreciate your support and look forward to seeing you around the Club, whether it's on the golf course, at yoga, during our tournaments, or simply enjoying time with friends.

Have a wonderful July, and we'll see you at the Club!

With Gratitude,  
Michael Troyner, CCM General Manager

## JULY COURSE MAINTENANCE UPDATE

As we move into July, we continue to see positive improvements across the golf course. The combination of consistent summer growing conditions, increased rainfall, and our ongoing agronomic practices have helped encourage stronger turf growth and recovery in areas that previously experienced stress.

Our focus remains on promoting healthy turf, improving playing conditions, and maintaining consistency throughout the property. Continued fertility applications, cultural practices, and targeted management programs are helping strengthen the turf and support long-term improvements. We are also continuing selective herbicide applications to improve overall turf quality and reduce unwanted vegetation throughout the property. Some treatments may cause slight discoloration in the paspalum, but these effects are temporary and part of our ongoing efforts to improve turf health and consistency.

As conditions continue to improve, we will begin shifting focus toward several improvement projects throughout the course. This includes addressing a couple of larger bunkers areas, where we plan to make improvements and incorporate new sod as part of our process. Additional areas throughout the property will also receive attention as we continue working to enhance course conditions and presentation.

We appreciate everyone's patience and support as we continue making steady progress. The maintenance team remains committed to improving the golf course and providing the best possible playing experience for our members and guests.

## BEAT THE HEAT: SUMMER GOLF TIPS

July brings some of the warmest temperatures of the year, making it important to stay comfortable and safe while enjoying your round at Lost Key Golf Club.

### **Pace Yourself**

The summer heat can be physically demanding, especially during longer rounds. Consider riding in a golf cart to conserve energy, stay in the shade when possible, and take advantage of the airflow as you move around the course.

### **Manage Sweaty Hands**

Humidity and perspiration can make it difficult to maintain a secure grip on the club. Keep 2–3 extra golf gloves in your bag and rotate them throughout your round. FootJoy Rain Grip gloves are also an excellent option, as they actually become tackier when wet, providing exceptional control in humid conditions.

### **Block the Sun**

Protecting yourself from the sun is just as important as protecting your scorecard. Wear lightweight, moisture-wicking clothing, a hat, and sunglasses to stay cool and comfortable. For an extra boost, try using a cooling towel soaked in ice water and draped around your neck—it can help lower your body temperature and keep you feeling refreshed throughout your round.

Stay hydrated, play smart, and enjoy your summer golf at Lost Key Golf Club!
